

## Commercial support

If you need commercial support for ProDashboard 24x7 or a professional installation, you can count on Allegro.

Allegro's team built ProDashboard, so it knows best how to install, configure and use this modern, low cost monitoring plugin for Progress OpenEdge. If you need Nagios(R) set up to monitor your servers and ProDashboard installed to monitor your databases, Allegro is happy to help.

Contact [sales@allegroconsultants.com](mailto:sales@allegroconsultants.com) for support or any questions about ProDashboard.
